

FOIL CUTTER

The Grand Cru foil cutter - safely and easily cuts the foil leaving even edges.

The foil cutter is placed on the bottle. Make a half turn to the left and a half turn to the right, and the foil is cut. Lift up and the foil is removed.

- ✓ The four sharp knives on the Grand Cru foil cutter make one precise cut.
- ✓ The rubber edge secures the right cutting height.
- ✓ Design and functionality complement each other.
- ✓ The foil cutter matches other products in the Grand Cru series.

The Grand Cru foil cutter is made of mat polished steel and black rubber.

Description: Foil cutter
Design: Erik Bagger
Art.no.: 5035
Dimension: Ø 5,6 cm
