

WINETUBE – WINERACK

Elegant and stylish storage for wine.

- ✓ Along with the stylish finish of the Winetube, the bottles and their labels form an integral part of the design piece. This is in contrast to more traditional wine racks where only the necks of wine bottles are visible.
- ✓ The exposure of the label makes it easy to get an overview of your wine collection.
- ✓ Simple wall mounting, with fixings provided.

The Winetube is made from a brushed anodized aluminum tube, a series of smart cutouts allow the wine bottles to be suspended perpendicular to the Winetube itself.

Product name: Winetube
Design: Kim Almsig
Art.nr.: 4600
Measurement: 75 x 73 Ø
